Lava Vented Front View featuring GlowFire™ Log Technology

This one-of-a-kind masterpiece gives the look and the feel of the log on fire; because it is! Each Glowfire™ log is individually orificed and ported allowing the fuel to flow out of the log presenting the most realistic gas log set on the market.

GRAND CANYON GAS LOGS

Our expertly crafted, ultra-realistic gas logs and larger than life flames are designed to elevate any indoor or outdoor environment, creating an unforgettable ambiance reminiscent of gathering around the campfire. Make your hearth the centerpiece of your home with Grand Canyon Gas Logs.

Established in 2014, Grand Canyon Gas Logs was created to bring handcrafted quality, hyper-realistic designs, and American-made

manufacturing back to the hearth industry's gas log market – employing over 30 years of industry knowledge to foster innovation in an ever-evolving landscape. Earning the brand a highly-regarded reputation for their boutique practices and positioning Grand Canyon as the “craft beer” of the gas log industry.

Take a look at our full line of indoor and outdoor products to truly understand the Grand Canyon Gas Logs difference.

LAVA SERIES

GlowFire™ Log AWOC 36" Lava Burner

LAVA VENTED FRONT VIEW BURNER - This one-of-a-kind masterpiece gives the look and the feel of the log on fire; because it is! Each log is individually orificed and ported allowing the fuel to flow out of the log presenting the most realistic gas log set on the market. The revolutionary technology present ultra-realistic style and design to the traditional gas log set. GlowFire™ Log Technology also allows for increased efficiency by using less BTU's and creating a fuller more robust flame effect. The ceramic refractory logs radiate more heat out into the room compared to a traditional concrete gas log set. Available in 4 convenient sizes, gas specific construction, and available with either On/Off or variable flame electronic controls. The Lava Burner series and GlowFire™ Log Technology has created a platform for endless log style and future configuration development.

BEDROCK SERIES

BEDROCK TRADITIONAL - The Traditional featuring **NEW** GlowFire™ Log Technology, The first-of-its-kind on the open face fireplace integrates the burner tubes inside the actual logs, giving the look and feel of the log on fire. GlowFire™ Logs are specifically designed to bring more fuel efficiencies to the gas log market by consuming less fuel while still creating a fuller

more robust flame compared to a traditional gas log set. The ceramic log mixture radiates more heat out into the room while also creating less flame infringement drastically reducing sooting. *Must add lava rock or 1/2" reflective glass and GlowFire™ Logs.

TRADITIONAL	MODEL#	48"	60"	72"
